The "Learning Through Play In My Own Way (LTP-IMOW)" Kit consists of the LTP-IMOW Birth to 6 Years Calendar, Oval and Quadrant Formats and Checklists, and a User Manual

Description

The "Learning Through Play In My Own Way (LTP-IMOW)" Kit consists of the LTP-IMOW Birth to 6 Years Calendar, Oval and Quadrant Formats and Checklists, and a User Manual.

This new resource is based on the highly successful original calendars: Learning Through Play – Birth to 3 Years and 3 to 6 Years. In this enhanced resource, the Physical and Communication domains have been expanded to provide more specific information, and additional play activities have been included as well.

To recognise that all children develop differently, each area of development can be separated in order to create a unique profile of each child, helping parents to provide developmentally appropriate activities to stimulate all areas of their child's development.

The User Manual – "Parenting the Child: Understanding and Enabling Development" is a vital support tool that helps to empower parents, professionals and caregivers to be equal partners in supporting the child's development in the early years.
